### **Sponsoring Ecologically Sustainable Programs Makes Good Business Sense!**

Since 2004 the EcoLandscape Conference has been presenting cutting edge information on ecological solutions for the landscape industry. Our next conference will be open to 250 professionals in the landscape industry, including developers, architects, contractors, designers, nurserymen, parks managers and agency staff. This conference will address trends and technologies to address water conservation, storm water run-off problems, resource conservation, and pesticide and fertilizer reduction. **The trade show of exhibitors offering products or services to further ecologically sustainable practices will be your opportunity to reach participants on a one on one basis.**

#### **Your \$250 Sponsorship Includes:**

- Listing in the Sponsor Section of our website **[www.ecolandscape.org](http://www.ecolandscape.org)**  
Here you will be given space to briefly describe your sustainable products or services insuring that participants will have a future reference to your company.
- One FREE admission to the conference. You may add up to two additional staff for \$40.00 each.
- One table space at the trade show. You may add one additional space for \$150.00.
